Water Heaters – Electric Heat Pump	\$400 per unit	<ul style="list-style-type: none"> • Rebate available for new construction or for upgrades from electric resistance
Energy Star Refrigerator or Freezer	\$50	To receive your rebate, you must dispose of your old, working unit. Provide proof of disposal from your appliance dealer. If your dealer does not dispose of old units, contact FEC.

CONSERVATION GRANTS

Members may apply for a grant to cover 50% of the cost of a permanently installed energy conservation device, up to \$100 per grant. One grant application accepted per member, per year. Eligible energy-saving devices include – but are not limited to – the following:

- **Clothes line** • **Corn, pellet or wood stove** • **Trees for shading (site plan required)**
- **Insulation** • **Programmable thermostat** • **Occupancy sensor**
- **Tractor heater timer** • **Insulated earth tube waterer**

Note: A maximum of \$2000 per year will be awarded in this category.

*CONDITIONS

- Rebates and grants are available to FEC members only.
- Rebate or grant must not exceed total invoiced amount.
- All units must be new (receipt for purchase must be dated within the past six months) and permanently installed on member premises.
- Members are responsible for contractor scheduling and associated installation costs.
- Members may be responsible for costs associated with upgrades to Cooperative systems due to increased capacity requirements.
- Rebates are based on residential square footage requirements for heat loss and gain. (No unit over-sizing funded.)
- Warranties, liabilities and insurance shall be the responsibility of the member.
- Rebate and grant applications are subject to Board approval.
- Additional Cooperative incentives may be available but not listed here.
